Honda Siel Power gains after launching indigenously built power tiller

Capital Market | Apr 25, 2016 12:11 PM IST

Honda Siel Power Products rose 1.92% to Rs 1,370 at 12:10 IST on BSE after the company announced that it has launched indigenously built power tiller to cater to the vast domestic market as well as other emerging markets globally.

The announcement was made on Saturday, 23 April 2016.

Meanwhile, the S&P BSE Sensex was down 162.65 points or 0.63% at 25,675.49.

On BSE, so far 2,163 shares were traded in the counter as against average daily volume of 1,367 shares in the past two weeks. The stock hit a high of Rs 1,395 and a low of Rs 1,356 so far during the day. The stock had hit a record high of Rs 1,537 on 3 August 2015. The stock had hit a 52-week low of Rs 1,040 on 8 June 2015. The stock had outperformed the market over the past one month till 22 April 2016, rising 7.11% compared with 2% gains in the Sensex. The scrip had also outperformed the market in past one quarter, gaining 14.6% as against Sensex's 5.74% rise.

The mid-cap company has equity capital of Rs 10.14 crore. Face value per share is Rs 10.

Honda Siel Power Products said that the product was launched as a part of government's Make in India initiative and renewed thrust on farm mechanization.

Honda Siel Power Products' net profit rose 15% to Rs 13.98 crore on 14.4% rise in net sales to Rs 173.75 crore in Q3 December 2015 over Q3 December 2014.

CM promises Jammu 'independent tourist destination' position

Tourist complex Akhnoor inaugurated

GK NEWS NETWORK

Akhnoor, Apr 29: Allaying fears amongst certain sections of society about Jammu losing focus due to direct train services to Katra town, Chief Minister, Mehbooba Mufti, Friday promised to take effective steps in positioning the winter capital as an independent tourist destination.

The Chief Minister was addressing a large gathering of people on the banks of river Chenab after inaugurating a Tourist Complex here this afternoon.

Mehbooba Mufti, who also holds the charge of Tourism Department, assuaged feelings of certain sections, especially businessmen and traders, who think Jammu may lose focus with better connectivity to Katra town, saying that the Government will strengthen and diversify its activities for which a comprehensive plan will be drawn up soon.

"An international convention centre at Purmandal, Maharaj Gulab Singh Cricket Stadium and chalk out a strategy so that we restore it to its pristine glory," she said.

Emphasizing upon infrastructure upgradation, the Chief Minister specifically mentioned Ranbir Singpur Bypass, Jammu Ropeway at Bahu Fort, Akhnoor Fort, Mughal Sarais in Rajouri, Parmitpo, Surinsar, Mansar, Jasi in Bhaderwah, Warwan in Kishtwar and Mantilai in Udhampur where all ongoing projects will be fast-tracked.

On developing Akhnoor as a cultural and heritage centre, the Chief Minister suggested landscaping of the scattered patches around the Chenab riverfront by planting exotic flowers. She also asked Secretary Tourism to highlight the heritage value of Jia Potha and Ambaran, in Akhnoor, so that art and culture aficionados make a beeline for the place.

In his address, the Deputy Chief Minister credited the vision of former Chief Minister, Mufti Muhammad Sayeed, in promoting Jammu as a major travel destination.

Honda launches Tiller F 300

Srinagar, Apr 29: Honda Siel Power Products Ltd., (HSPP) a subsidiary of Honda Motor Company, Japan, launched "Honda Tiller Model – F300".

The product is used for uprooting weeds in vegetable fields, sugarcane, cotton, banana, floriculture and fruit plantations/gardens, the company in a statement said.

The tiller is fitted with a powerful 4 stroke, 1.5 kW advanced OHV (over head valve) GX 80 petrol driven engine. It has a flexible rotor (Tyne Assembly).

Depending on the requirement of the farmer for various crops, the cultivating width of the Tynes can be adjusted to 305 mm, 450 width making it most suitable for vegetable farming, it said.

Interest subsidy to flood-hit traders: KTF seeks increase in slab

GK NEWS NETWORK

Srinagar, Apr 29: Kashmir Traders' Federation (KTF) on Friday hailed Cabinet decision announcing 1 per cent interest subsidy on loans up to Rs 1 lakh to the flood affected traders. The federation however demanded enhancement in the Rs 1 lakh slab.

"We welcome the decision of the government, but the limit of five lakh should be enhanced since this amount is not sufficient to establish the business which got shattered in the deluge of October 2014," it said.

The executive members Zaheer Ahmad Bhat, Firdous Ahmed Shah, Ajaz Ahmed Shaikh, Shoaib Hussain Ahangar, discussed this issue at a meeting.

The meeting demanded withdrawal of a notice issued by Commercial Tax Department that envisages that all the traders who have annual transactions above Rs 10 lakh not only have to file their quarterly returns on line, but the payments also have to be made through e-banking process.

The meeting resolved that a KTF delegation will soon meet the Commissioner Commercial Taxes.

The federation sought views of traders' fraternity in this behalf on cell numbers 9419003060, 9419002705.

Honda Siel launches Tiller F-300 for farmers

Excelsior Correspondent

JAMMU, Apr 29: Honda Siel Power Products Limited launched new Honda Tiller F-300—a complete weeding solution for vegetable and horticulture farmers.

The Tiller F-300 was launched by Honda Siel Power Products (HSPP) President Y Iida, HRID CEO H Hasebe and HSPP Vice President Sales and Marketing VK Upreti.

To cater the needs of Indian farmers and a "Make in India" initiative, HSPP has launched "Honda Tiller F-300, said HSPP President Y Iida, adding that the new product is a power weeder that is used to uproot weeds in vegetable fields, sugarcane, cotton , banana, floriculture and fruit plantations/gardens.

The weeds consume nutrients from the soil resulting in poor quality of actual crops. Honda Rotary Tiller easily uproots all weeds from the fields, saving the nutrients in the soil, to be used for crops only. In addition, the de-weeding operation helps convert weeds into manure by mixing in soil. In the current high cost and scarce labour availability scenario, the new Tiller replaces the current manual operations, leading to time and economical benefits for the small farmers, HSPP President Y Iida stated.

He added that the Honda Rotary Tiller is fitted with a powerful 4 stroke, 1.5 kw advanced OHV (over head valve) GX 80 petrol driven engine. It has a Flexible Rotor (Tyne Assembly). Depending on the requirement of the farmer for various crops, the cultivating width of the tynes can be adjusted to 305 mm, 450 width making it most suitable for vegetable farming.

The specially designed tynes are made of special alloy for longer life and are the best in their class. Weeding depth can be controlled by drag a bar having 3 height adjustable options. Its well balanced design with resultant low vibration and sound ensure less stress to operators. F-300 tiller is portable weighing only 37 kilograms.

The rotary tiller handle is adjustable to take care of handling height and can be folded during transportation. The controls for clutch and accelerator are fitted on the handle with an easy reach of fingers and hands.

■ **5/20 రూల్‌పై విమానయాన మంత్రి అశోక్ గజపతిరాజు**

న్యూఢిల్లీ, ఏప్రిల్ 28: విదేశీ మార్గాల్లో విమాన సర్వీసులందించేందుకు వీలు కల్పించే ప్రస్తుత 5/20 నిబంధన ఆరాచకమైనదని పౌరవిమానయాన శాఖ మంత్రి అశోక్ గజపతిరాజు పేర్కొన్నారు. కొత్త విమాన సంస్థలు సైతం విదేశీ మార్గాల్లో విమాన సేవలందించేందుకు నిబంధనను మార్చాలని చూస్తున్నట్లు లోకసభ ప్రశ్నోత్తరాల సమయంలో అయన చెప్పారు.

మోసపూరిత బ్రాండ్లకు ప్రచారం చేయొద్దు: సెలబ్రిటీలు వివిధ ఉత్పత్తులకు బ్రాండ్ అంబాసిడర్లుగా వ్యవహరించేముందు వాటి నేపథ్యాన్ని గమనించాలని రాజ్యసభలో పలువురు సభ్యులు పేర్కొన్నారు. ఈ విషయంలో ఓ చట్టం తీసుకురావాలని కోరారు. ఎస్పీ సభ్యుడు నరేశ్ అగర్వాల్ ఈ విషయాన్ని జీరో అవర్‌లో లేవనెత్తారు. సెలబ్రిటీలమైనున్న నమ్మకాన్ని కంపెనీలు సొమ్ము చేసుకొంటున్నాయని పేర్కొన్నారు. ప్రజలను మోసం చేసే కంపెనీలతోపాటు బ్రాండ్ అంబాసిడర్లను కూడా బాధ్యులను చేయాలని అన్నారు.

మార్కెట్లోకి హోండా 'ఎఫ్300 మినీ వీడర్'

హైదరాబాద్, ఏప్రిల్ 28: హోండా మోటార్ అనుబంధ సంస్థ హోండా సియాల్ పవర్ ప్రొడక్ట్ లిమిటెడ్..దేశీయంగా తయారుచేసిన 'ఎఫ్300 మినీ వీడర్'ను అందుబాటులోకి తీసుకొచ్చింది. కూలీలు దొరకక ఇబ్బందులు ఎదుర్కొంటున్న చిన్న, సన్నకారు రైతులను దృష్టిలో పెట్టుకొని కంపెనీ ఈ పరికరాన్ని రూపొందించింది. ముఖ్యంగా కూరగాయలు, పత్తి, మొక్కజొన్న,చెరుకు, అరటి ఇంకా ఇతర పంట్లతోపాటు పూల తోటల్లో కలుపు తీయడానికి ఈ పరికరం ఎంతో ఉపయోగకరంగా ఉంటుందని కంపెనీ వర్గాలు తెలిపాయి. ఈ పరికరంతో కేవలం ఒక కూలీ సాయంతో రెండు గంటల వ్యవధిలో ఎకరం పొలంలో కలుపు తీయవచ్చు. ఈ యంత్రం గంటకు అర లీటర్ పెట్రోల్‌ను వినియోగించనున్నది. 4 స్ట్రోక్ ఇంజిన్ కలిగిన ఈ పరికరం 1.5 కిలోవాట్ అధునాతన ఓహెచ్‌వీ(ఓవర్ హెడ్ వాల్వ్) జీఎక్స్80 ఇంజిన్‌తో తయారుచేసింది. మొక్కల మధ్య ఉన్న వెడల్పును బట్టి బ్లేడ్లను సర్దుబాటు చేసుకోవచ్చని సంస్థ తెలిపింది.

Honda Tiller-F300

(A Complete Weeding Solution for Vegetable & Horticulture Farmers)

Honda Siel Power Products Ltd., (HSPP) a subsidiary of Honda Motor Company, Japan is engaged in the manufacturing and marketing of Portable Generators, Water Pumps, General Purpose Internal Combustion Engines, Lawn Mowers , Brush Cutters & Tillers for the Indian domestic & overseas markets. HSPP is well known in the Indian market to provide environment friendly high quality affordable products. It is a ISO 9000 and ISO 14001 accredited Company.

To cater to the needs of Indian farmers and a “Make in India” Initiative ,HSPP has launched “Honda Tiller Model – F300 ”. The new product is a power weeder that is used to uproot weeds in Vegetable fields, Sugarcane, Cotton , Banana, Floriculture and Fruit plantations /gardens. The weeds consume nutrients from the soil resulting in poor quality of actual crops. Honda Rotary Tiller easily uproots all weeds from the fields, saving the nutrients in the soil, to be used for crops only. In addition , the de-weeding operation helps convert weeds into manure by mixing in soil. In the current high cost & scarce labour availability scenario, the new Tiller replaces the current manual operations, leading to time and economical benefits for the small farmers.

Honda Rotary Tiller is fitted with a powerful 4 Stroke, 1.5 kW advanced OHV (over head valve) GX 80 petrol driven engine. It has a Flexible Rotor (Tyne Assembly) .Depending on the requirement of the farmer for various crops ,the cultivating width of the Tynes can be adjusted to 305 mm ,450 width making it most suitable for vegetable farming. The specially designed Tynes are made of special alloy for longer life and are the best in their class . Weeding depth can be controlled by drag a bar having 3 height adjustable options. Its well balanced design with resultant low vibration and sound ensure less stress to operators.

F300 tiller is Portable weighing only 37kg.

The Rotary tiller handle is adjustable to take care of handling height and can be folded during transportation.
The controls for clutch and accelerator are fitted on the handle with an easy reach of fingers and hands. The special "easy to lock" clutch helps to move and stop the tiller with utmost ease. The speed control lever can be operated by thumb easily to adjust tiller speed requirements as per operation. The Tynes are covered and protected with metal fenders for the safety of the operator.

F300 is a boon for Farmers cultivating cash crops .
